## Website Design "Faculty of Information Technology"

Done : June, 27 2023

The Faculty of Information Technology homepage. It features a dark header with the faculty logo and name, a search bar, and a navigation menu with links to Beranda, Profile, Data, Akademik, and Bantuan. The main content area is titled "Welcome to FACULTY OF INFORMATION TECHNOLOGY" in large, bold, white text.

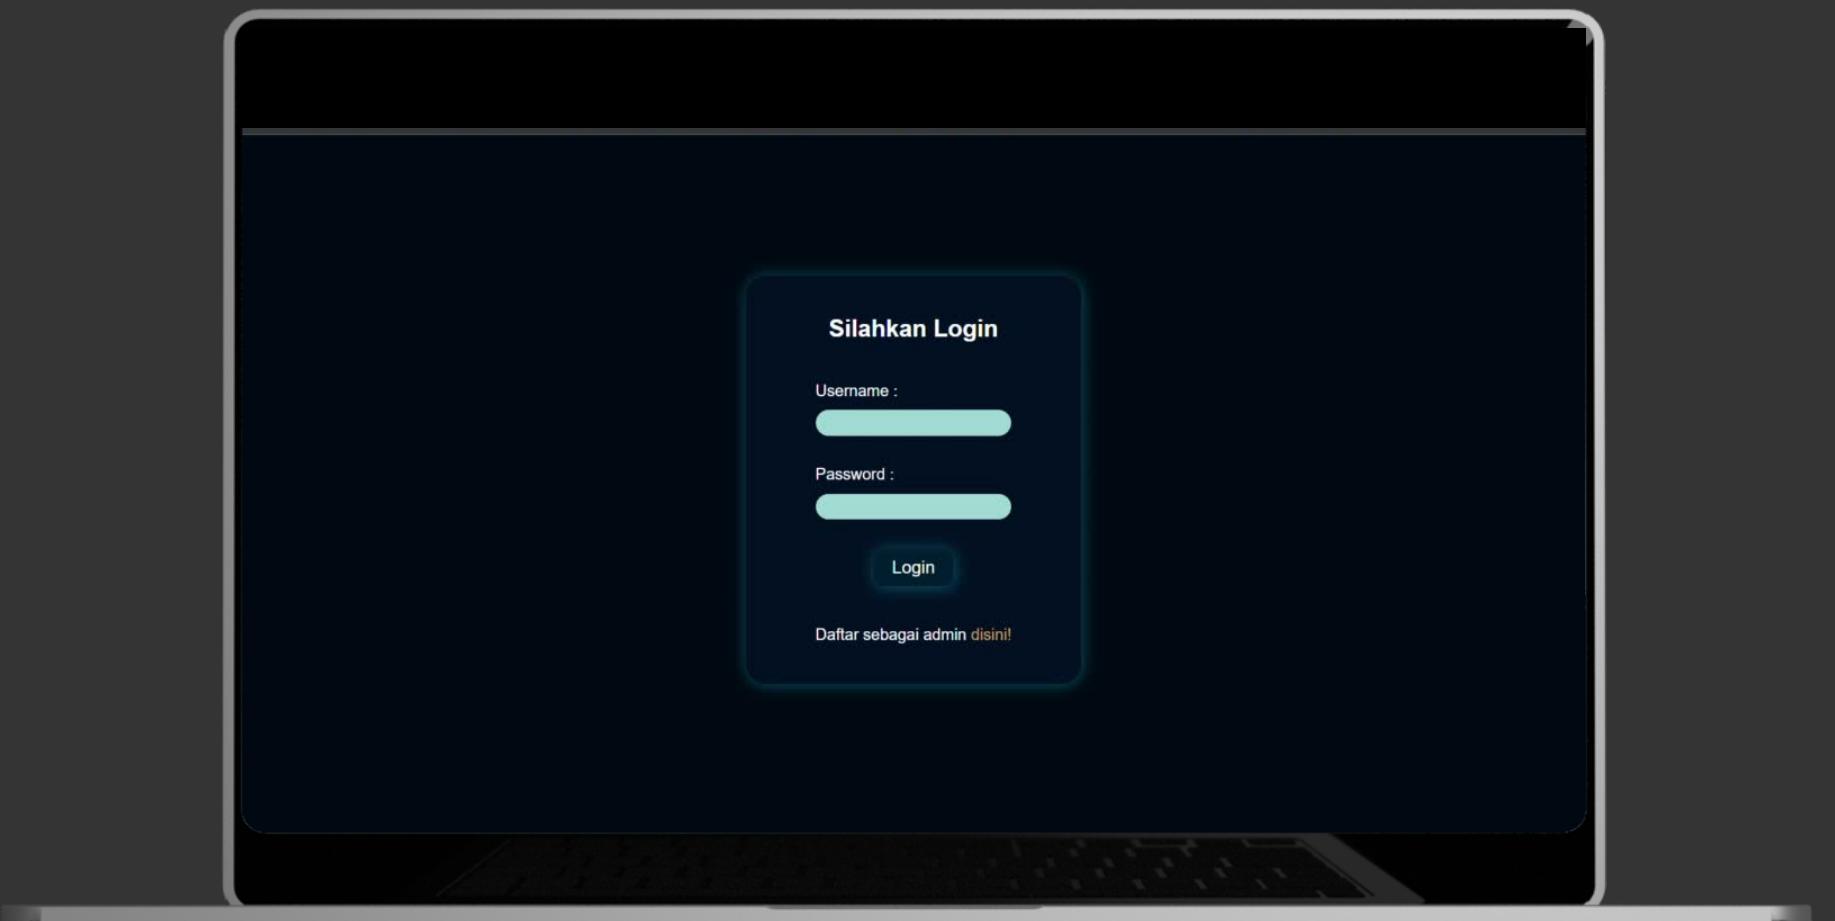

The FTI Gallery page. It features a dark header with the faculty logo, name, and a search bar. The main content area is titled "FTI Gallery" and displays a grid of four photographs showing groups of people, likely students, in various settings such as a graduation ceremony, a group photo in a forest, and a group photo on a grassy field.

# — web design.

The screenshot shows the homepage of the 'Database Rencana Studi FTI' at Universitas Andalas. At the top left is the university's logo featuring a green tree and a yellow sun. The top navigation bar includes links for Home, Mahasiswa, Dosen PA, Dosen Pengampu, Prodi, Mata Kuliah, and KRS. Below the navigation is a banner with the university's name and a green shield emblem. The main content area is titled 'Database Rencana Studi FTI'. It contains a brief description of the faculty's programs and a paragraph about the integration of hardware, software, and human elements. Buttons for 'Lihat Tabel Universal!' and 'Logout' are visible. A small note at the bottom right encourages users to register as an admin.

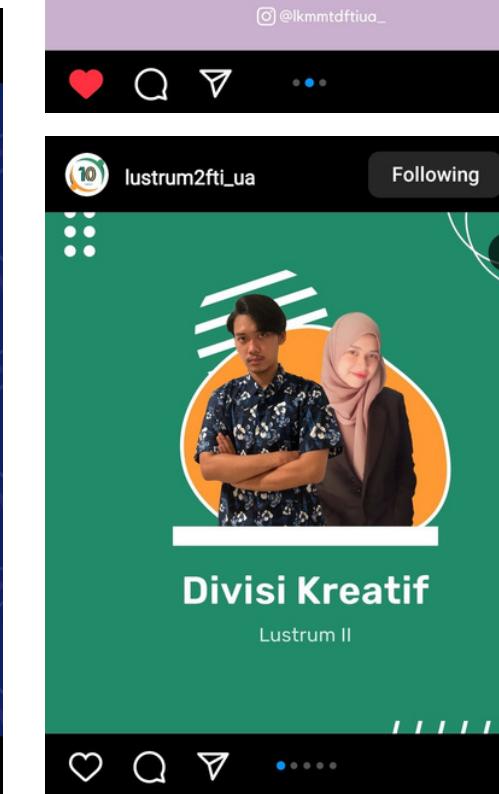

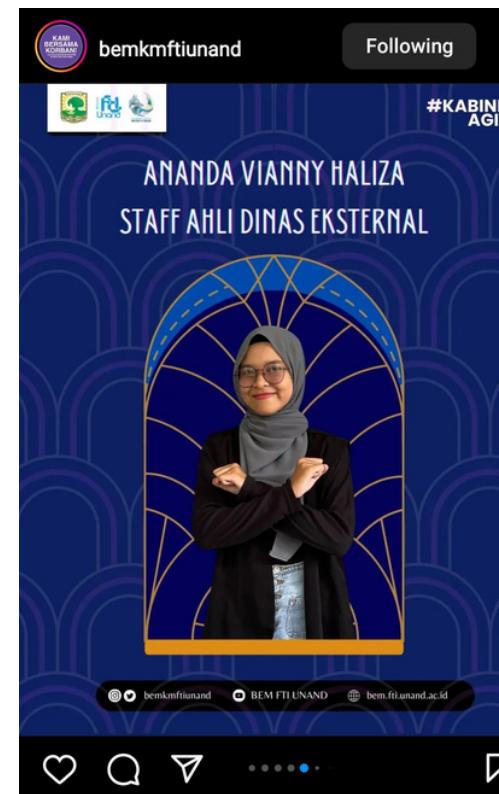

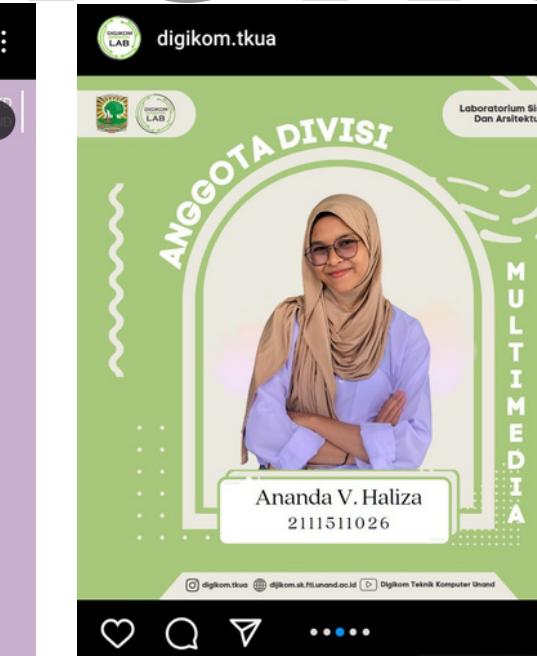

This screenshot displays a table of student data. The table has columns for Nomor, NIM, Nama, Tanggal\_Lahir, Jenis\_Kelamin, Alamat, No\_Telp, and Aksi. The data is as follows:
